# At home outside.

Do you know a place where dreams and reality blend into one? Where you don't exactly know – when your eyes are only slightly opened – whether you're on the beach or still in the city? That's exactly where the new outdoor collection Rolf Benz YOKO is at home: somewhere else. At home.

## SOFA

Cover: 20.853 / 18.853 / 22.853  
Frame: Bianco

For the first time, it brings luxurious seating comfort outside that was previously only ever experienced inside. In the open air, ultimate flexibility has top priority: this outdoor sofa blends in with its natural surroundings and can easily be arranged into corner sofas, recamières, sunbathing areas or face-to-face situations.

#### SOFA

Cover: 20.851 / 18.851 / 20.652  
Frame: Bianco

In addition to the integrated storage shelves in teak or ceramic, the Rolf Benz YOKO coffee and side tables can also be used to create space in the outdoor seating landscape. As a tribute to geometry, the tables have either a round or a square ceramic table top.

# Naturally **relaxed.**

With the Rolf Benz YOKO armchair, you can put your feet up and forget about the world. This outdoor armchair has found its place, either as a standalone item, in a group of armchairs or with the sofa from the collection by its side. Its light aluminium frame makes it easy to move around and with its hand-crafted weaving detail, it stylishly blends in with any surroundings.

## ARMCHAIRS

Cover: 18.854  
Frame: Anthrazit

#### CHAIRS

Cover: 24.754  
Frame: Anthrazit

The elegant Rolf Benz YOKO table in three different dimensions provides space for company and is a sight for sore eyes outside, whichever combination of materials you choose. For the insertion leaf you can choose between teak and three different ceramic surfaces which contrast beautifully with the aluminium frame. The chairs in the collection with their unique, hand-crafted weave detail complete the arrangement for an evening with friends, or a home office with a gentle breeze.

## Nature in its **best 40 Colours.**

There are over 40 new fabrics in the outdoor cover collection and they can easily handle all of nature's whims. With their four colour schemes of Calm White, Mellow Grey, Reviving Blue and Relaxing Green, they blend in harmoniously and nobly with the landscape at any time of the year.

# Toan Nguyen Designer.
