

TECHNICAL DATA

ROLF BENZ JOSS

**ROLF
BENZ**

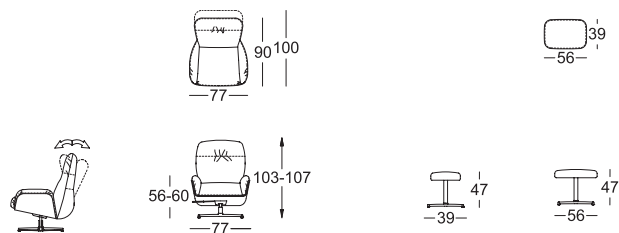

- Metal internal frame with an integrated rotation and adjustment function for stepless height adjustment and a swing fitting for a stepless relaxed position that is easily lockable and inclined.
- Seat inclination adjustment in the upper back region with a sensitive locking mechanism.
- Seat and backrest made from a high-quality and extremely comfortable cold foam that is layered in different heights and hardnesses. Dimensional stability and resilience are typical characteristics of this innovative foam.
- Seat and outer shell side section made of wood-based material.
- Cover quilted underneath with non-woven polyester
- Cross foot, metal:
 - Fine-grain aluminium, powder-coated, matt RAL 9017 Traffic black
- Star base, metal, optionally (for an additional charge):
 - Fine-grain steel, powder-coated, matt RAL 9017 Traffic black
 - High-gloss chrome steel

! High-quality, casual upholstery that forms waves/leaves indentations that are typical of the material. All measurements are approximate.
