

**ROLF BENZ CARA**

Design **Anita Schmidt**

**ROLF  
BENZ**

**A NEW LOVE FOR YOUR HOME //**

A sofa you fall in love with instantly – that’s Rolf Benz CARA, a new system range with a variety of design options and truly “lovable” characteristics. Stylish proportions and numerous relaxation functions make your design and comfort wishes come true. With the delicate Rolf Benz CARA’s interchangeable language of form, it graces rooms of all sizes. Thanks to

5 seat and sofa widths, 7 modular elements, 2 side section heights, 2 back heights, 2 seat heights, 2 seat depths, 7 leg variants and 2 upholsteries, Rolf Benz CARA makes every wish come true. And with 4 optional functions, it can even satisfy the need for even greater comfort. You’ll see for yourself: Rolf Benz CARA is more than just a quick fling.

### THE WAY YOU LIKE IT //

Rolf Benz CARA blends in with every room, recreating every individual idea – whether it be a small modular group, a compact corner sofa or a spacious living room environment. With the choice of legs (single leg, metal or wooden brace leg), you can add the perfect finish to your personal living style. Choose the upholstery and seat height to match your ergonomic preferences. The seat depth is created by the thickness of the back cushions and can be chosen for each individual model. As a result, different seat depths can be created and mixed within a sofa-scape.

#### COMPACT VERSATILITY //

The Rolf Benz CARA individual sofa can also be custom-adapted to your preferences. With a total width from 136 cm, it is the most compact sofa in the Rolf Benz collection and is complemented by an armchair, an ottoman or a footstool. The perfect companions to Rolf Benz CARA are the matching coffee tables Rolf Benz 8410 and 8440 as well as the occasional table Rolf Benz 978 (page 27).

## RELAXATION IN YOUR HANDS //

Everyone has their own personal idea of what relaxation means. And Rolf Benz CARA lives up to every single one. That's because the system range offers optional additional functions that can intelligently increase Rolf Benz CARA's comfort, allowing it to be operated with just a few movements. The optionally adjustable side sections can be completely

folded down for comfortable reclining and moved stably to any position in-between. The backrests can be equipped with a concealed headrest (page 21) and – in the "high" version – a stepless relax function (page 17). The optional footrest adds the final touch to your idea of perfect comfort – with a twist, it can be moved to the ideal position (page 22).

**YOUR WISHES BECOME CARA //**

With Rolf Benz CARA, gradually shape the sofa that best matches your wishes.

## THE SEAT AND SOFA WIDTHS //

Rolf Benz CARA comes in 5 different seat and sofa widths. The total width is made up of the seat width and the width of the two side sections.

Seat width: 126 cm

Total width:  
With side section low or high: 136 cm  
With side section adjustably low: 170 cm  
With side section adjustably high: 182 cm

Modular chair (ASE)

Seat width (= total width): 84 cm

Modular bench (ARB)

Seat width (= total width): 126 cm

Modular bench with upholstered stool (ARB-PSZ)\*

Seat width (= total width): 147/168 cm

## THE SIDE SECTIONS //

The graceful, sumptuously shaped side sections of Rolf Benz CARA are available in 2 heights and can optionally be fitted with a concealed version. A gas spring allows you to move them to any position you wish.

Rolf Benz CARA is always first in line when it comes to ensuring your very personal comfort.

Low side section  
(fold-down optional)

High side section  
(fold-down optional)

### ADDITIONAL FUNCTION // Stepless adjustment

Pull the loop and completely fold the side section down

Pull the side section upwards until the desired position is reached

## THE BACK HEIGHTS //

You can choose between 2 back heights (approx. 68 cm and approx. 75 cm). The low backrest matches the high side section in terms of height. The high backrest can be equipped with a relax function that allows stepless adjustment.

Low back  
(with high side section, also possible with low side section)

High back  
(fold down optional; with high side section, also possible with low side section)

### ADDITIONAL FUNCTION // Stepless adjustment

Pull the loop and steplessly fold downwards towards the rear into any position

Backrest fully folded down  
(maximum inclination reached)

## THE LEG VARIANTS //

Different foot designs ensure that Rolf Benz CARA looks fantastic no matter what type of surface it rests on. Choose the version that fits in best with your personal living space.

Pearl matt painted arch

RAL 7022 umbra grey painted arch

Polished chrome arch

Oak H70 wooden brace leg

Oak H98 wooden brace leg

Walnut H81 wooden brace leg

Round tube leg

## THE UPHOLSTERY COMFORT //

Superlative seating comfort: choose between 2 upholsteries to find the one that suits you best. Both are made from different, perfectly coordinated, very high-quality cold foams and differ merely by virtue of their compression firmness and density. The "Classic" upholstery comfort is slightly firmer when sitting, while the luxurious "Lounge Plus" comfort is appreciably softer.

Classic upholstery comfort

Density: 40  
Compression firmness: 3.0

Density: 37  
Compression firmness: 4.4

Lounge Plus upholstery comfort

Density: 40  
Compression firmness: 2.0

Density: 50  
Compression firmness: 3.0

## THE SEAT DEPTHS //

For your personal seating comfort, Rolf Benz CARA comes in 2 different seat depths: 55 cm and 59 cm. The seat depth can be selected for each individual model. It is created through the thickness of the back cushions, which means that both seat depths can even be combined on a sectional sofa.

Seat depth: 55 cm\*

Seat depth: 59 cm\*

## THE SEAT HEIGHTS //

The right seat height is a crucial factor for comfortable seating. Depending on the individual's height and your seating habits, you can choose either of the two seat heights.

Seat height: 43 cm\*

Seat height: 46 cm\*

## ADDITIONAL INTEGRATED HEADREST FUNCTION //

The optional headrest function is especially sophisticated. Once the loose back cushion is removed, there is a clip that can be folded up inside the body. The back cushion can then be replaced. A slot-on side section cushion, which can be ordered separately, pads the headrest. With a swivel function, the cushion can be moved to the perfect position for watching TV or reading, whatever is more comfortable for you.

### ADDITIONAL FUNCTION //

By removing the back cushion, the headrest function with the concealed clip is exposed

Pull the headrest up and reposition the back cushion

Pull the slot-on side section cushion over the headrest

Swivelling function: headrest can be pulled forward for maximum comfort (watching TV/reading)

\* Please note that seat depths and seat heights may vary due to the different elasticity of the cover materials and different constructions of the upholstery (page 19). The dimensions specified may therefore vary.

## ADDITIONAL FOOTREST FUNCTION //

Another hidden extra is the footrest, concealed under the sofa, which can be swung forward – with just one movement, you can move the footrest to the ideal position. In its final comfort position, you can enjoy Rolf Benz CARA at its full length.

### ADDITIONAL FUNCTION //

Concealed footrest

Swing footrest forward

Twist function: Footrest is turned upwards

Footrest in final comfort position

## ACCESSORIES //

Rolf Benz CARA is rounded off by an armchair, ottoman, footstool, a mobile headrest, side section cushions and upholstered cushions.
